

CIEH Certificate in Risk Assessment Principles & Practice

Employers and the self employed have a legal duty to assess health and safety risks. Managers and Supervisors who are carrying out risk assessments need to have the necessary knowledge and skills. This qualification ensures that attendees have the necessary depth of understanding to enable them to carry out risk assessments.

Chartered
Institute of
Environmental
Health

Target

This course is suitable for supervisors, managers and the self employed.

This is a two day course, classed as a Level 2 qualification which is QCA accredited.

Certification

The course material is evaluated by means of an assignment and self-evaluation.

Successful completion of the programme results in the award of a Chartered Institution of Environmental Health (CIEH) certificate.
