

## IOSH Managing Safely

To develop awareness and competence to manage safely and effectively in compliance with both your organisational policy and industry best practice. On the successful completion of Managing Safely, delegates will:

- ✓ Apply the principles of risk assessment and decide on appropriate control measures
- ✓ Identify workplace hazards and the hierarchies of controls
- ✓ Prepare monitoring checklists to undertake workplace reviews
- ✓ Set reasonable targets and objectives and plan accordingly
- ✓ Ensure adequate provision of health and safety training information and instruction
- ✓ To be able to investigate accidents and incidents, identify human factors involved and take appropriate action
- ✓ Communicate effectively on health and safety

### Target

The programme is suitable for those managing employees in a wide range of sectors.

The course consists of 4 lecture days plus 1 workshop day to include examinations and a practical assessment.

### Certification

The course material is evaluated by means of a multi-choice assessment paper and a project. Successful completion of the programme results in the award of an Institution of Occupational Safety and Health (IOSH) certificate.
