

IOSH Working Safely

The overall objective of the Working Safely course is to raise health and safety awareness thereby developing or improving the safety culture within the organisation.

Target

The programme is suitable for all employees and can be tailored to a variety of sectors.

This is a one day course.

Certification

The course material is evaluated by means of a multi-choice assessment paper. Successful completion of the programme results in the award of an Institution of Occupational Safety and Health (IOSH) certificate.
