# NEBOSH General Certificate

**60% off Funding Available.**

This **level 3 National General Certificate in Health and Safety** is a qualification aimed at managers, supervisors or safety representative in any industry, who may have either a full or part-time responsibility for assisting their company in implementing or maintaining Health and Safety legislation.

This qualification focuses on national standards and management systems, enabling candidates to discharge effectively workplace responsibilities.

## Target

Aimed at managers, supervisors & safety personnel in any industry. A third specialist module is available for personnel in the oil & gas industry.

The course consists of 20 lecture evenings plus 2 examination days, with optional revision workshops.

## Certification

The course is evaluated by means of two exams, one for each module as well as a practical inspection, with subsequent report to be produced.

## Modules

This course has 2 modules; these are the stand alone qualification, the NEBOSH National General Certificate, consisting of (NGC1) Management of Health & Safety, and (NGC2) Controlling Workplace Hazards. Students have an option to attend a third module is specific to the construction industry to gain an additional qualification. Please enquire for dates for the NEBOSH Construction Certificate.
