

**SHE Knows... all YOU need to know about H&S**

## **National Vocational Qualifications**

SHE Knows offers NVQs in Occupational Health & Safety at levels 3, 5 & 6 as well as the Skills Assessor Awards, Sustainability & Environment (green) subjects & electrical qualifications.

SHE Knows issues a unique workbook to all H&S and green candidates, this provides a route map, taking you through your NVQ step by step, evidence requirements are specified in a checklist format, & all cross referencing is undertaken for you.

H&S NVQs are fully recognised by the **Institution of Occupational Safety & Health (IOSH)** & also the **International Institution of Risk & Safety Management (IIRSM)** for membership.

For our C&G delivery, Assessors visit you at your site to observe you in your workplace & assist with professional discussions & portfolio building, so you can work towards your NVQ with the minimum of paperwork & time spent away from work or your home life.

Your SHE Knows issued workbook contains all the evidence requirements, knowledge questions, witness testimonies & observations templates for your NVQ, this means you don't have to try & interpret the standards.

We can also offer a distance package, in addition to the above materials we work with Teams, Zoom, Dropbox etc so you can evidence your activities at work & on site. We can even assess evidence submitted via WhatsApp – whatever your communication preference – to give guidance & assessment of knowledge evidence & offer personal mentoring to assist you through your qualification.
