

SHE Knows... all **YOU** need to know about **H&S**

National Vocational Qualifications

SHE Knows offers NVQs in Occupational Health & Safety at levels 3, 5, 6 & 7 as well as the Skills Assessor Awards, Sustainability & Environment (green) subjects & Electrical qualifications.

SHE Knows issues a unique workbook to all H&S and green candidates, this provides a route map, taking you through your NVQ step by step, evidence requirements are specified in a checklist format, & all cross referencing is undertaken for you.

H&S NVQs are fully recognised by the **Institution of Occupational Safety & Health (IOSH)** & also the **International Institution of Risk & Safety Management (IIRSM)** for membership.

For our ProQual NVQ delivery you will use a mentor from your workplace to provide witness observations, whilst your Assessor will assist with portfolio building & assessing your work so you can work towards your NVQ with the minimum of paperwork & time spent away from work or your home life

Your SHE Knows issued workbook contains all the evidence requirements, knowledge questions, witness testimonies & observations templates for your NVQ, this means you don't have to try & interpret the standards.

Assessors work with Teams, Zoom, Dropbox, WeTransfer, 365 share & Google docs so you can easily share your evidence from work. We can even assess evidence such as videos & voice messages submitted via WhatsApp – whatever your communication preference!

If you want more information, please get in contact. 01482 228942 | info@she-knows.com
